Ms. Mann,

Thank you taking the time to text me earlier today advising me of the change in Invenergy's policy of face to face visits with landowners in rural Missouri.

All of the Commissioners want to thank you and those you report to for heeding our concerns by putting a stop to these in-person visits. The cold call ones as well as the ones set up by an appointment.

I for one would have liked to have this decision happen sooner. Because of this I would like for you to confirm that you know the names of all land agents used by Invenergy to make these contacts and the persons they contacted.

I do not want names, however I would appreciate a letter from your superiors stating they will at least stay in touch with the land agents and let us know if any of them exhibit any symptoms of COVID-19.

If Invenergy does not commit to do this, please let me know and I will request guidance from the State Emergency Management Office.

Also, we have not received your response to an email from the Ralls County Clerk requesting the names of your superiors. So please take time to answer this question for us.

Again, my thanks to Invenergy for finally changing its position on this matter."
